CABERNET MERLOT

The Wine

A combination of 79% Merlot and 21% Cabernet Franc. This Cabernet Merlot was aged in French oak for 18 months, of which 20 percent was new. It has an attractive nose of juicy plum and ripe raspberries with some subtle baking spice showing through. It is full-bodied with abundant ripe and polished tannins. The fruit and substantial structure stand up beautifully to red meats, wood-fired pizza or spaghetti and meatballs.

The Vintage

Bud break occurred around the long-term average in early May and June's flowering process was right on track, taking place during the first and second week. We had plenty of heat in the first half of June and unlike 2018, we were thankful for a relatively smoke-free growing season, though 2019 ended up being a cool year overall.
